Rdsmod is one of the leading companies of outdoor folding tables and chairs, providing wholesale tables and chairs for outdoor activities such as camping and parties. The production workshop spans 10,000 square meters and is equipped with four production lines and automated equipment, boasting a daily production capacity of 10,000 sets of tables and chairs. With professional designers and R&D teams, we currently offer over 120 styles. OEM options, such as materials, styles, and colors, are also accepted.

We have been providing export services for wholesalers and agents worldwide. The products are sold to countries such as North America, Europe, and Australia. Both strength and weather resistance meet international standards. From structure and fabric selection to brand and packaging, Rdsmod offers practical solutions.
